A man with a beard, wearing a dark jacket, is sitting at a table in a cafe, looking out a large window. The window shows a city street with buildings and a sign that says "Cafe". The man is holding a white cup. The scene is lit with warm, golden light, suggesting late afternoon or early morning. The overall mood is contemplative and peaceful.

YOU BELIEVE IN LIVING SOMEWHERE THAT HAS EVERYTHING.

It's not just about a great home, it's about an ideal location too. It's about what's around you. Enjoy a café nearby, walking trails all around and of course homes surrounded by parkland. Our nicest homes are here for you. It's time to believe in your home.

THIS IS WHERE IT CAN ALL HAPPEN.

DESIGN STUDIO

At Remington Homes, beauty is found in the finest details. But it doesn't end there. Let our professional design consultants help you customize your new home features and finishes to create the home you've always wanted.

A large, textured tree trunk with green foliage in the background. The tree trunk is the central focus, showing a rough, cracked bark. The background is filled with green leaves and branches, suggesting a healthy, mature tree. The lighting is natural, with some shadows and highlights on the bark and leaves.

A SUSTAINABLE HOME IS A HEALTHY HOME.

At Remington Homes, we are committed to building greener homes for you and for the environment. All new Remington Homes are ENERGY STAR Qualified so you can rest assured that your home will feature the latest in energy-saving design. An ENERGY STAR qualified home is up to 30% more energy efficient than a regular house built to the Ontario Building Code. For you and your bottom line, an ENERGY STAR Qualified home means greater savings on energy consumption and a greener, healthier home throughout. With Remington Homes, it's easy being green!
